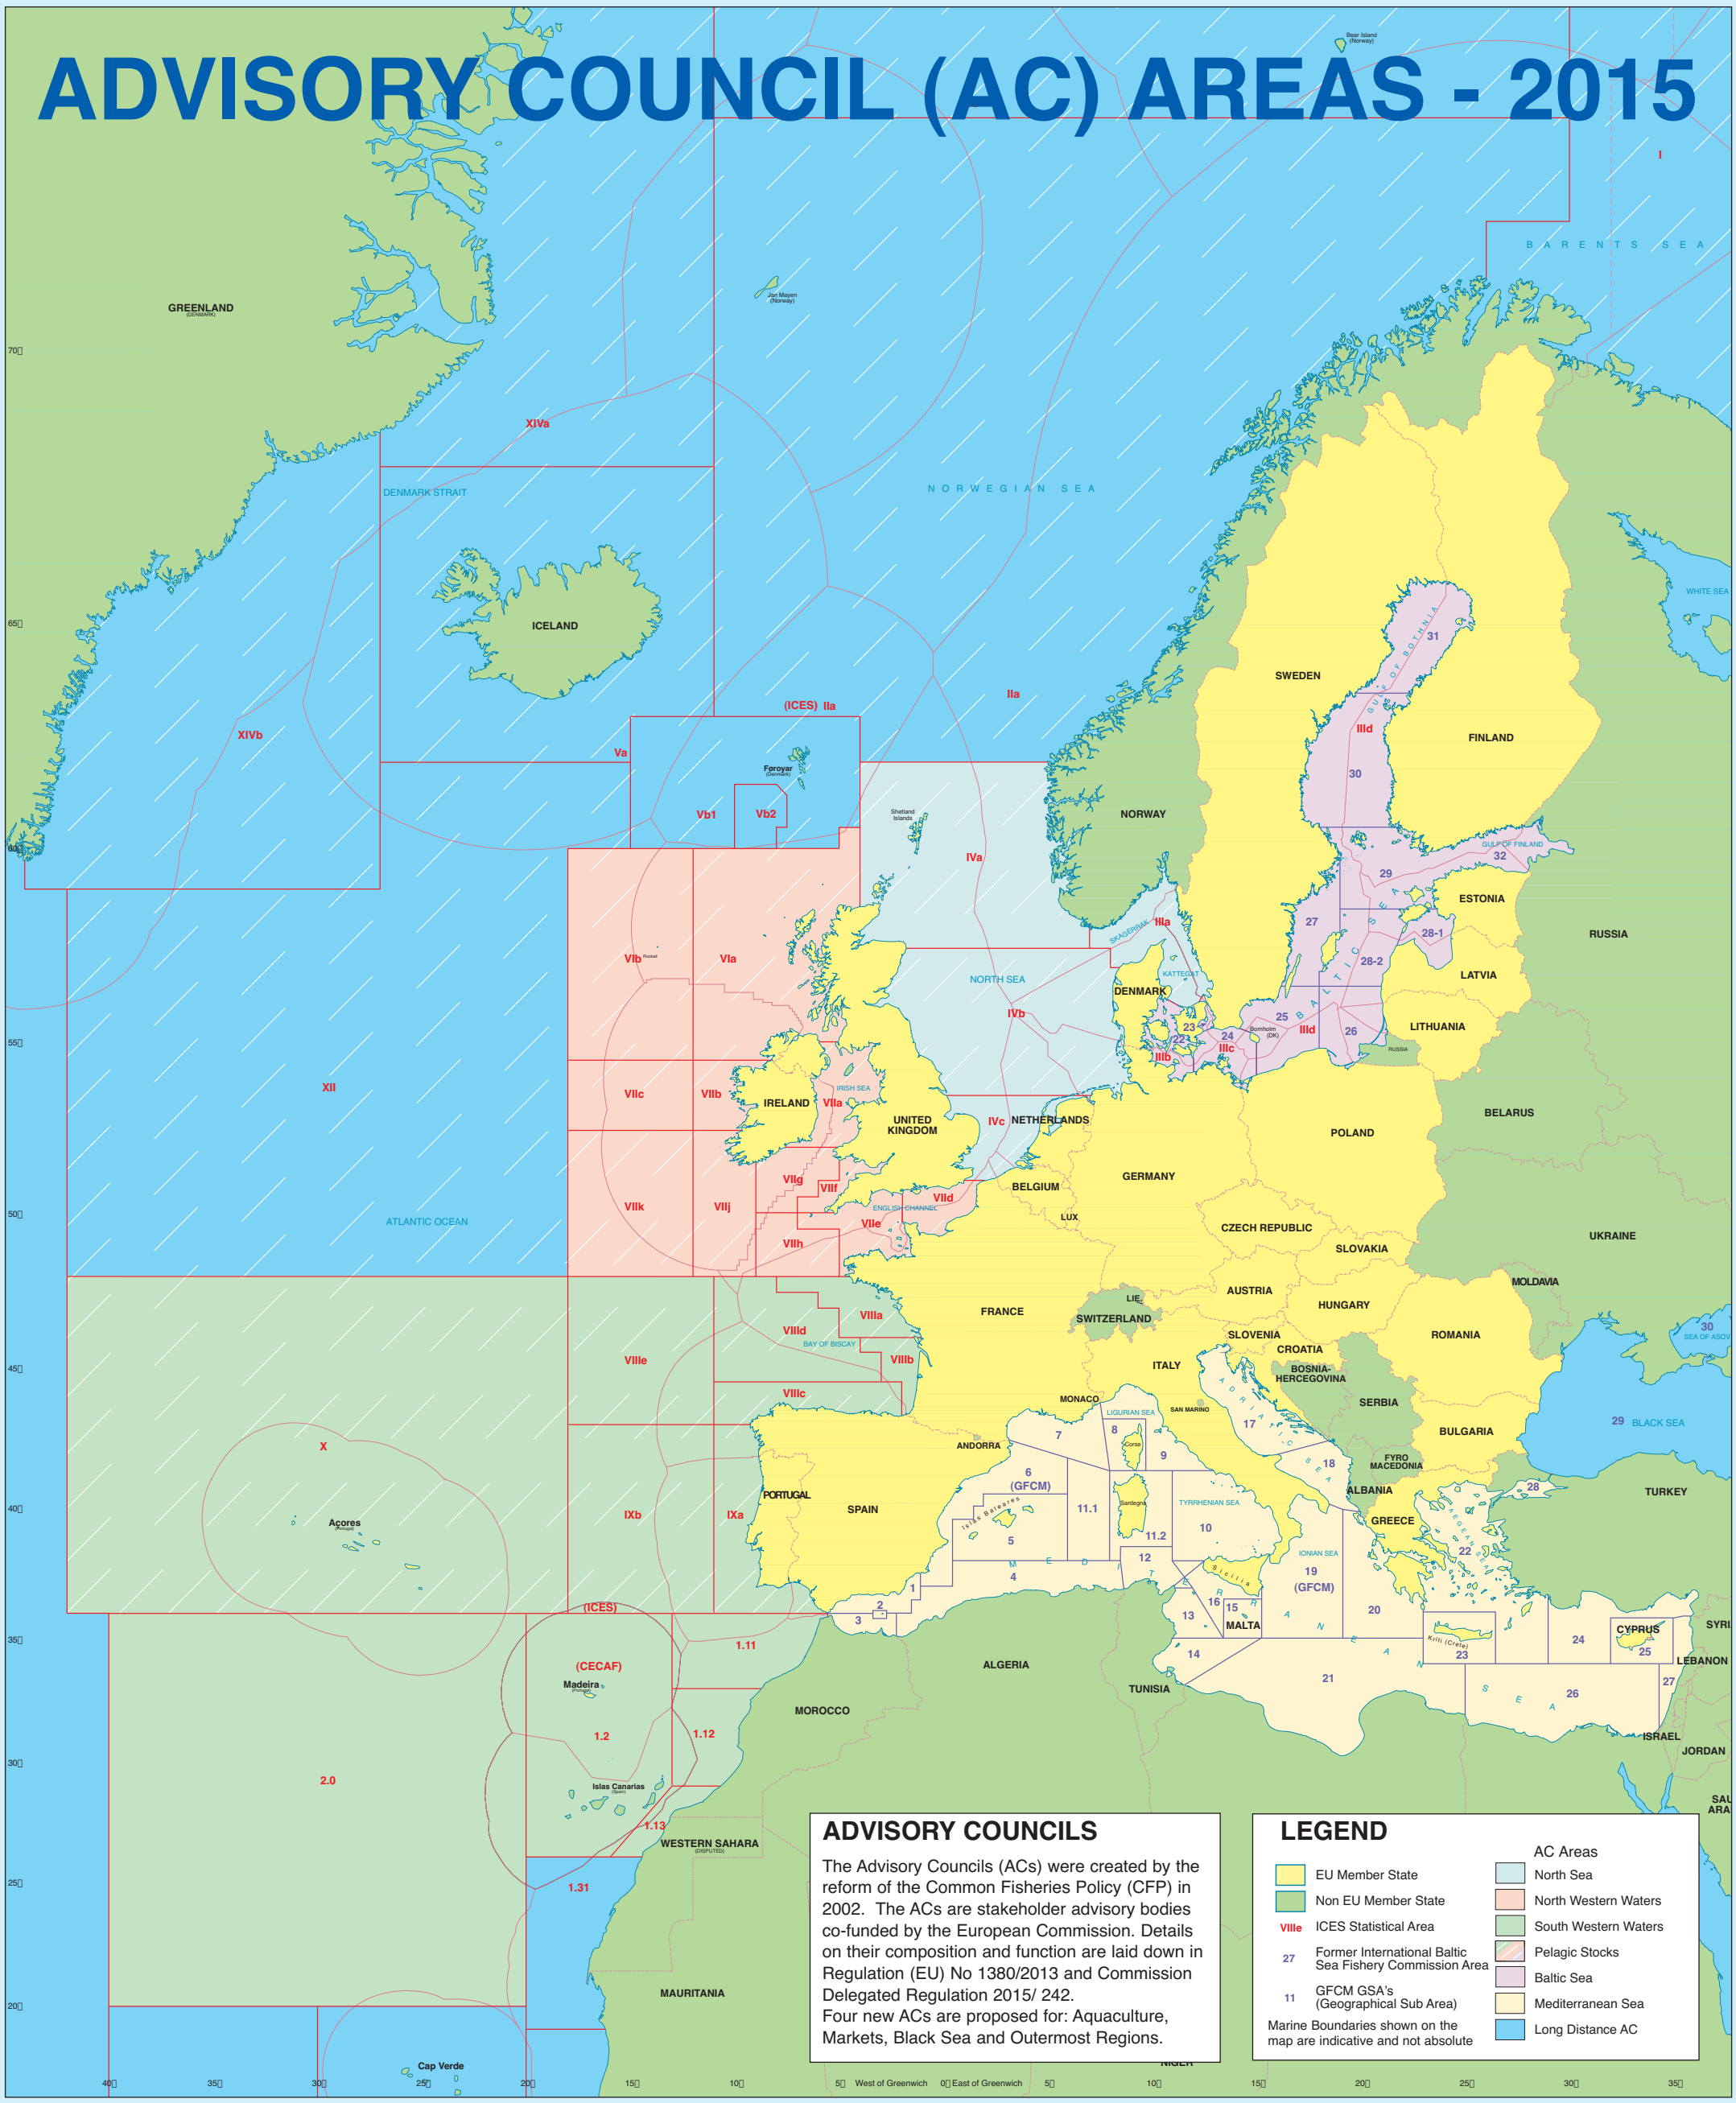
ADVISORY COUNCIL (AC) AREAS - 2015



ADVISORY COUNCILS

The Advisory Councils (ACs) were created by the reform of the Common Fisheries Policy (CFP) in 2002. The ACs are stakeholder advisory bodies co-funded by the European Commission. Details on their composition and function are laid down in Regulation (EU) No 1380/2013 and Commission Delegated Regulation 2015/ 242.
Four new ACs are proposed for: Aquaculture, Markets, Black Sea and Outermost Regions.
