URBAN LANDSCAPE

new challenges for a global problem

STRATEGIC PARTNERS

THE PROBLEM : *HOMO LUPUS HOMINI*

THE SOLUTION: TAKE A LOOK ON NATURE

2.800m² of WASTE TO FOOD greenwall
in Tarragona, using Babylon system

FINDING NEW APPLICATIONS

COOLING systems, thermal insulation

PHYTOKINETIC gardens in movement

NEW SPACES FOR URBAN BIODIVERSITY

EDIBLE GREENWALLS AT SCHOOLS

a pedagogical project in Barcelona & madrid

SHARING THE PROJECT WITH THE MAIN USERS

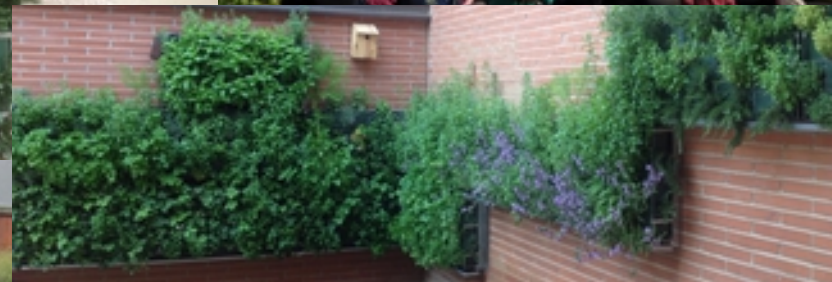

WORKING MANY SUBJECTS

maths, technology, language,
healthcare, biodiversity, ...

FROM MASTERCHEF TO CITIZENS

RECYCLING NATURE, INCREASING WISDOM

SCHOOLS AND PUBLIC PARKS

This being so,
the horizon
looks better to
me. Much
better in fact.
